

NEWS GATHERED FROM SOUTHSIDE

Receipts from Maury Cemetery for Month the Largest on Record.

AFTER ALLEN'S BONDSMEN

Manchester Bureau, Times-Dispatch, No. 102 H. I. Street.

The report of Superintendent Jones of Maury Cemetery, which was submitted to the cemetery committee last night, shows that the receipts for the month amounted to \$331.23, which is the largest on record.

The committee, on motion of Mr. Moore, briefly discussed the matter of calling upon the attorney to file a bill of costs against the bonding company the amount of \$100.00.

Mr. Moore, who was in charge of the committee, said that he had a claim against the company for the amount of \$100.00, which he had paid for the bond of the late Mr. Allen, who died on October 20th.

Those present at the meeting were Messrs. J. W. Moore, H. A. Lindsay, D. B. Ferguson, D. L. Toney and J. B. Ridd.

Rev. Howell Not to Leave. It was reported yesterday that the Rev. A. T. Howell, of North Carolina, who recently accepted the pastorate of the Clinton Street Baptist Church, had resigned his charge and returned to North Carolina.

Inquiry made last night of officials in the church brought out the fact that the Rev. Howell had resigned his charge and returned to his home on account of the illness of his wife, but will return as soon as her health will permit.

Clark-Neister. Mr. Ernest Clark and Miss Delave Neister, daughter of Mr. and Mrs. Willis Neister, were married at 7:30 o'clock yesterday morning at the residence of the bride's father, Mr. H. W. Clark, by the Rev. J. T. Routten, pastor of West End Methodist Episcopal Church, who was assisted by the Rev. Mr. Harry of Bon Air.

Immediately after the ceremony the couple left for a Northern tour. They will make their home in Swansboro.

Dead. Miss Evie Lena Burt, the seventeen-year-old daughter of Mrs. John H. Taylor, died yesterday morning at 10 o'clock at the residence of her mother, No. 715 Perry Street.

She had been ill for many months. The funeral will take place from the home to-day at 10 o'clock, and the services will be conducted by the Rev. E. W. Griffin. The interment will be made in Maury Cemetery.

No More Cows at Large. At midnight to-night the cow ordinance will become effective, and from that time on the citizens of the community will be relieved of a nuisance which has existed here for years and has prevented many persons from improving the lawns surrounding their homes.

The ordinance will be rigidly enforced, and owners of cows who violate it will be made to pay the penalty.

Personals and Briefs. Master Julien Staples, son of M. B. Staples, of 1221 Porter Street, while on his way from school yesterday afternoon fell and broke his right arm in two places. Dr. W. F. E. Merchant set the broken member.

A "Hallowe'en" party will be given in the home of the late Mrs. J. W. Weatherford, who is now in the home of her daughter, Mrs. W. F. E. Merchant, at 1221 Porter Street.

Judge William L. Clifton, who has been quite sick at his home, was able to be in his office yesterday.

Miss Vera Agnew, who has been spending several months in Atlanta, is visiting her sister, Mrs. W. C. Lowry, of Mason Park. She will visit the Jamestown Exposition before returning to her home in Salem, Va.

The Eastern Workers of Meade Memorial Church have arranged to have a "Hallowe'en" party in the lecture room on Friday night.

Mr. and Mrs. Norman Bowen and son, J. Norman Bowen, Jr., have returned from a week's visit to the Jamestown Exposition. Mr. Bowen has his poultry on exhibition there, and has won some high honors.

Miss Kate Aborn, who has been the guest of relatives in the city for several weeks, has returned to her home in Norfolk.

Master Emmett Graves was able to sit up Tuesday the first time since he has been sick with fever.

Mr. Emmett Graves and Master Howard White left this week for New York to spend several days.

Mrs. James Britton and daughter, of Baltimore, who have been the guests of Mrs. W. K. Seldon at Holland Hill, left Tuesday for Lexington.

Misses Minnie Weisiger and Laura Taylor left to-day for the exposition. The Trinity Workers of Meade Memorial Church will have an "apron race" Friday afternoon at the home of Mrs. W. F. E. Merchant for the benefit of the window fund.

Mrs. Fugate of Weston, N. C., is visiting her sister, Mrs. H. K. Reid, on Twelfth Street.

Master William Hay Garnett, who was very seriously ill Tuesday afternoon while at play with his friends, is getting along very nicely.

Postmaster Smith has announced that the general delivery window at the post-office, which has heretofore been open until 7 P. M., will on and after November 1st be closed at 5:30 o'clock. However, the dispatch of

The night mail will be continued. The authorities from the United States Navy will take Henry Marshall, a deserter from the United States, back to Norfolk this morning.

Mr. Gary, of Baltimore, the father of Julius Gary, who was in the Police Court yesterday morning, and who was awaiting the arrival of his father, arrived here last night, and will take the boy back this morning. The youngster ran away from home.

TO MAKE IT PERMANENT

Negro Exhibit at Exposition May Be Brought to Itinerary.

Giles B. Jackson, director of the negro exhibit at the Jamestown Exposition, was in the city yesterday. He said that the success of the negro exhibit had largely depended on the exhibition of the negro in the city.

Many of the delegates attending the Episcopal General Convention went on to Jamestown, and inspected the negro industrial exhibit, among others the bishop of Springfield, who offered to secure financial aid if the management would consent to remove the exhibit to Illinois.

Jackson said yesterday that others had offered aid if the exhibit were carried North and permanently established in some large city. The managers, however, are of the opinion that since 55 per cent of the whole exhibit is of Southern origin, it would be the proper place at which to establish a permanent exhibition of the work of the negro in the South.

Jackson said that he was taking any step the directors wanted to lay the matter before the white people of this city and to secure their support. He has therefore secured the Academy of Music for the evening of November 1st for a meeting of white people before whom he hopes to lay the plans and have them discussed.

Invitations will be sent to a number of white men to speak on this occasion, and it is expected that Jackson, Booker T. Washington and Dr. Webster Davis will also speak.

dey Co., and bears an excellent reputation as a steady workman. Mr. Patterson, who has not lived with his wife in some months, called at the house yesterday to look after his daughters, who, however, are loyal to their mother and refused to go with him. Mrs. McDonald has been living with her parents, Mr. and Mrs. Jacob W. Conway, of No. 1412 West Cary Street.

Young Conway, a brother of Mrs. Patterson and of Mrs. McDonald, has long been a friend of John Brown, the street car motorman, whose pistol did the damage. Brown, by the way, was only employed by the car company on Monday.

WINSTON BANKERS ACT. Following Danville Lead, They Will Issue Certificates for Present.

(Special to the Times-Dispatch.) WINSTON-SALEM, N. C., October 30.—As a result of the big breaks of 30 cents on this market and the large amount of money required to pay for the associated banks of Winston-Salem, the Commercial Bank of Winston-Salem has adopted a resolution to the effect that the banking institutions here follow the same system adopted by all the principal cities to pass all their business through their respective clearing houses during the present emergency, or until it is mutually agreed to rescind this agreement.

The announcement is also made that this action will not disturb the business usually done by draft or check. Nor will it impair the solvency of any of the banks, it being only a matter of the scarcity of currency, which will soon adjust itself.

RECEIVERS FOR PAPER COMPANY. Debits of Over a Million Embarrassing in Present Emergency.

DAYTON, OHIO, October 30.—The Friend Paper Company, of West Carrollton, a suburb of Dayton, was placed in the hands of receivers this afternoon on application of J. Howard Friend, Henry L. Newell was appointed receiver by Judge O. B. Brown, of the Commercial Court of Ohio.

The petition states that the company has debts aggregating \$1,000,000, and that the petitioner is surety on sixty-two notes aggregating \$300,000.

Further averment is made that the stringency in the money market renders the payment of these notes impossible at present, and that the company is resorted to as a protection measure to shield the property from attacks of small creditors.

The company, it is declared, is entirely solvent, and is doing a prosperous business.

ANOTHER RECEIVERSHIP. Baltimore Car and Foundry Company Cannot Realize on Assets.

BALTIMORE, MD., October 30.—Late this afternoon receivers were appointed for the South Baltimore Steel Car and Foundry Company on the application of Robinson & Duffy, attorneys for the Maryland Car Wheel Company.

It is stated that while the embarrassed company has liabilities closely approximating \$1,000,000, the company has plenty of assets on which it is at present unable to realize and will pay dollar for dollar.

It is said that inability on the part of the company to make collections promptly for cars delivered to railroads is the main reason for the company's present embarrassment.

TRUST COMPANY CLOSES. San Francisco Institution Unable to Issue Certificates Fully.

SAN FRANCISCO, CAL., October 30.—The California Safe Deposit and Trust Company, which has been in liquidation since last week, has been closed by the court.

The company has been regarded as one of the strongest financial institutions in San Francisco. The bank was understood to be the

mand for gold is not causing unusual anxiety there. It is generally expected that the rate of the Bank of England will be advanced to-morrow, but this will be of little consequence to the gold already made for the United States.

The disposition in Paris to stir the London market by loans on sterling bills is regarded as an indication that the clearing bank is well fortified and is willing to pursue under Governor Pallin, the generous policy which has usually characterized its action in emergencies.

The absence of any failures, either financial or mercantile, in New York of any importance except that of Keasler & Co., a private banking concern, and the offer of call money at lower rates than during most of the time yesterday, were the other favorable symptoms of the situation.

ASSURE RELIEF FOR SOUTH. Conference of New Orleans Bankers With Secretary Cortelyou Successful.

NEW ORLEANS, LA., October 30.—Announcement that relief is in prospect for moving the cotton crop from European markets was made to-night by associates of three New Orleans bankers, representing the clearing house here, who have been in Washington and New York since the beginning of this week negotiating to this end. The bankers making this announcement would not allow their names to be used, nor would they give details. However, they said that the committee's efforts had been directed toward opening up foreign markets at some reserve center, the cotton crop of the cotton crop to Europe has always been done largely by Southern bankers obtaining exchange in New York.

The sugar crop movement has already put currency into circulation in this section, but the market, in the cotton, depends somewhat for profitable movement upon the efforts now being made by the New Orleans Clearing-House Commission and by bankers in the South. Speaking of the relief afforded by the sugar movement, President J. J. Canale, of the Fibre Bank and Trust Company, said: "It is the best ray of hope I have seen in several weeks. I am confident that the situation will clear up satisfactorily."

Cortelyou Will Not Talk. WASHINGTON, D. C., October 30.—Secretary Cortelyou to-day conferred with various representatives of the cotton, sugar, grain, lumber and other large industries, with a view to facilitating movements that will effect a substantial easing of the general financial situation, and is much encouraged by the results of his efforts.

Secretary Cortelyou would not make any statement regarding the conference with these representatives, among the latter were Vice-President Spaulding, of the Whitney Central National Bank, of New Orleans, and representatives of the State National Bank of New Orleans and other institutions there.

The New Orleans financiers were as reticent as the secretary himself as to the object of their mission. Mr. Sol Wexler, when questioned to-night, would only say that the conference would be resumed to-morrow, and that at its conclusion a statement as to the result may be given out.

South's Confidence Unshaken. Discussing some phases of the monetary situation at New Orleans and throughout the South, Mr. Wexler said: "There has been no evidence of any wavering of confidence in banks and financial institutions in the South, owing to their inability to obtain currency from New York, Chicago or St. Louis—the three reserve cities—have been compelled to restrict payments of cash, and in order to facilitate their business they have adopted the same clearing-house certificates, of issuing clearing-house certificates."

"The chief difficulty at the present time is in obtaining a sufficient amount of small bills and fractional currency to facilitate the rapid movement of cotton and sugar crops, but with heavy co-operation among planters and interior banks, the difficulty is being overcome, and easier conditions are anticipated in the near future."

INDICT JUDGE GROSSCUP. Prominent Jurist, Director of Trolley Line, Charged With Manslaughter.

GROSSCUP, ILL., October 30.—Judge Grosscup was to-day served with a warrant charging him with manslaughter. Judge Grosscup is a director of the Chicago and North Western Railway, on which a number of persons recently were killed in a collision. Other officers and directors of the electric line have been indicted.

Judge Grosscup was prepared to furnish a bond of \$5,000, and the serving of the warrant was a mere formality.

Financial agent on the coast for the Western Pacific Railway, now being built from the coast to the interior. The closing of the bank was caused by heavy withdrawals of deposits during the past few days. The bank could not protect itself, as did the members of the Clearing House Association, and found it impossible to secure the cash to meet demands made upon it.

Atlanta Banks Act. ATLANTA, GA., October 30.—At a meeting of the Clearing House Association late to-day, it was decided that clearing house certificates shall be used by the banks in order to protect their cash.

TO INCREASE CIRCULATION. Money From Treasury to Be Sent to Large Cities Everywhere.

WASHINGTON, D. C., October 30.—The Controller of the Currency, under the direction of the Secretary of the Treasury, is making a special effort to increase the circulation of national currency by the maximum possible means. The maximum is not yet reached, and in money centers where the increase will be most beneficial, it is expected that quite a large addition to the circulation will be the result.

Comptroller Ridgely has taken up this question with the national banks, and is giving relief as quickly as it can be done, not only in the large cities, requiring currency for pay rolls and such purposes, but also in the country districts, where the banks have difficulty in obtaining currency from their reserve agents.

LITTLE WALL STREET FLURRY. "Uncle Joe" Cannon, Presidential Possibility, Thus Refers to Crisis.

SPRINGFIELD, ILL., October 30.—After being introduced as "Uncle Joe," next President of the United States," Speaker Joseph G. Cannon, of the National House of Representatives, to-day addressed the Springfield Chamber of Commerce. He spoke of the great wealth of the United States and its great business and commercial affairs, which were all on the most substantial basis. The last ten years had been the greatest in the history of the country.

This was shown by the Post-Office Department, which registers the business pulse of the country. The "State of the Union" statistics of the country should not be disturbed by a little Wall Street flurry, that was not an evidence of disturbance of commercial life, and lessened financial ability of the country.

Taft's Return Hastened. Secretary Taft Will Leave Manila and Return to the States.

MANILA, October 30.—As the result of a voluminous cable correspondence between President Roosevelt and Secretary Taft, it was decided that Secretary Taft will leave Manila on November 2d, in order to reach Berlin at the earliest possible moment. It is impossible to say whether or not Secretary Taft, at present, and the officials are silent regarding the change in his plans. It is understood, however, that he will leave here on the flagship Rainbow.

Rear-Admiral Hemphill received a cablegram on Monday asking whether or not he could make the cruiser ready to sail on Sunday. He responded in the affirmative, and was informed unofficially that a matter of the utmost importance is pending in Germany, and Secretary Taft's presence there is necessary immediately.

President Deuts Hurry. WASHINGTON, D. C., October 30.—President Roosevelt to-day declined to discuss the reported change in the plans of Secretary Taft, and it was stated in other official quarters that the Secretary of the State Department officials said that Secretary Taft's visit at Berlin would be purely social, and that there was no suggestion that he would cause the hastening of Secretary Taft on his journey from the Philippines.

Hundreds of Them Hold Carnival at Exposition.

(Special to the Times-Dispatch.) JAMESTOWN EXPOSITION. GROUND, VA., October 30.—Half a thousand to-day, the ice men held carnival here to-day. The session of the National Association began at the inside inn this morning, and was followed by an address by Hon. H. St. George Tucker, president of the Jamestown Exposition Company. He gave a hearty welcome to the visiting delegates, and he was followed by a number of speakers. During the afternoon there were several novel contests in ice-lifting, etc., given, and the evening was spent in a pleasant and instructive fashion.

Among the distinguished visitors at the exposition to-day was Mrs. Jas. A. Garfield, widow of the martyred President. She was accompanied by her daughter, a former President of the United States.

Mr. Shepherd Webb, organist of Centenary Church, Richmond, will play the organ at the exposition to-day and Saturday of this week. Mr. Webb played the large organ at St. Louis, and he thinks this organ compares very favorably with that instrument.

THE STATE'S DUTY TO CARE FOR WEAK

Dr. Drewry Emphasizes This in Annual Report to Charities and Correction Conference.

MANY SUBJECTS DISCUSSED. (Special to the Times-Dispatch.)

JAMESTOWN EXPOSITION. October 30.—The Virginia Conference of Charities and Correction assembled here to-day for its sixth annual meeting. Also meeting here was the executive committee of the National Conference of Charities and Correction. The State conference was well attended, and there were present a goodly number of prominent charity workers from all over the State in attendance.

The State conference was held in the Social Economy Building, and the executive committee of the National Conference in a room in the Richmond City Building. William F. Drewry, of Falls Church, called the conference to order. He first introduced Dr. A. J. McKelway, a member of the Exposition Social Economy Board, who spoke in the place of Exposition President Tucker, who was unavoidably absent.

Dr. McKelway in a warm address of welcome. The response was made by Dr. Charles B. Cooke, of Richmond.

What Virginia Has Done. President Drewry next delivered the president's annual address. He said in part:

"Virginia has in many respects done her duty well, but in others, she has been delinquent. In many matters of advancement we are scarcely out of the infancy of the needs to be met. There is more earnest awakening and a more modern view before the most humane and progressive of us. We have four hospitals for the insane, in which 3,300 persons 'heretofore of reason' are being cared for. Last year \$335,000 was appropriated by the Legislature to maintain these institutions, and support and treat 2,000 patients, or about \$12 per capita per year, or \$217 per week. During the past two years nothing has been appropriated for enlargement or permanent improvement of any description. The total valuation of these institutions is about \$1,500,000. At the school for the deaf and dumb, there are 400 pupils for whose care and training the State allows an annuity of \$45,000. The value of the property is \$200,000. There are 1,200 inmates confined in the State prison. The annual appropriation is \$120,000. This value of the property is \$274,000. The reformatory for white boys there are 200 wayward youths. The State spends \$200,000 annually to aid the Association of Virginia in caring for them. At the reformatory for colored youths there are about 200 inmates, for whose support and training the State allows an annuity of \$5,000. The total annual appropriation for their maintenance is \$50,000."

Many Subjects Discussed. Dr. W. A. Plecker, of Hampton, made an address pertinent to the meeting on "State of the Republic." Mr. Martin, of Richmond, followed with a discussion of the subject.

One of the interesting and exhaustive addresses of the day was made by Professor G. D. Eurtiff, of the School for the Deaf and Blind, at Staunton, on the care and training of the deaf. The address was well prepared, statistical and other data on the subject taken from long established institutions. Another excellent address was made by Hon. Harry H. Houston, of Hampton, on the importance of having a deaf and dumb institution for colored people in Virginia. Mr. Houston pointed out that Louisiana and Virginia are the only Southern States that have no such institutions.
